2 kg bucket

DESCRIPTION

A product based on **blackcurrants** and **fermented turmeric**. Horses' hooves are subject to constant stress, and to ensure their healthy condition efficient circulation of the blood is essential.

The ingredients contained in Lamicur are sources of substances (curcuminoids and flavonoids) whose anti-oxidant properties and their key role in the protection of the blood vessels contribute to:

- the control of oxidising species which are harmful to the tissues produced by the organism
- the maintenance of physiological blood circulation
