DESCRIPTION

Myristol's formula makes the product suitable for all horses that sustain intense activity, aiding and supporting recovery from all **joint** stresses.

THE PRODUCT CONTAINS

- **Native collagen:** cartilage trophism for joint health
- **Palmitoylethanolamide:** fatty acid amide, 'on demand' product
- **MSM:** the presence of methylsulfonylmethane (a natural source of sulphur) has an effect on cartilage integrity through a mechanism of antioxidant action
- **Glucosamine:** precursor and main component of the cartilage matrix, supports cartilage synthesis at the joint level
