

DATA SHEET

VETERINARY GAMGEE

COMPOSITION

Cotton covered with non-woven fabric

PACKAGING

Roll 30 cm high

Roll 45 cm high

DESCRIPTION

Gauzed, highly absorbent cotton, covered with non-woven fabric.

Useful for:

- **Bandages:** to support muscles and tendons
- **Wound dressing:** ideal as protection of wounds to prevent them from becoming infected. It does not create any interference with the granulation tissue of the wound and is autoclavable
- **Paddings:** provides protection and support for the horse's legs
